CALM All Porsche Trophy Series (CAP): Affordable and Competitive Motorsport

The CALM All Porsche Trophy Series (CAP) is an innovative and cost-effective motorsport series designed for Porsche enthusiasts. It offers a competitive platform with a focus on close racing, minimal technical regulations, and a friendly paddock atmosphere. This series is structured based on a power-to-weight ratio, allowing various Porsche models to compete, including the 924, 944, 968, Boxster, Cayman, and 911. The series supports CALM (Campaign Against Living Miserably) and is the first UK club racing series to be 100% carbon balanced.

Key Highlights of the CALM All Porsche Trophy Series

Charitable Focus

The series is run in support of CALM (Campaign Against Living Miserably), a charity dedicated to male mental health. All proceeds generated from the series are donated to CALM.

Carbon Balanced

CAP is the first UK club racing series to be 100% carbon balanced, ensuring an environmentally conscious approach to racing.

Race Format

The season includes a combination of sprint races and longer endurance events, all of which require a mandatory pit stop. Entries can be made by solo drivers or two-driver teams sharing the same car.

Competitive Balance

The series promotes close competition by organizing races based on power-to-weight ratios, allowing a diverse range of Porsche models to compete against each other.

Cost-Effective Features of the Series

No Control Tyres

Competitors have the flexibility to choose their preferred tyres, helping to keep costs down.

No Suspension Kits Required

Participants can use their existing suspension setups, reducing the need for additional expenses.

No Bespoke Parts Required

This ensures that competitors can keep costs down and maintain flexibility with their car setups.

Flexible Participation

Since the series is not a championship, participants can select the race weekends they wish to compete in, offering a flexible racing schedule.

Benefits of Participating in the CALM All Porsche Trophy Series

Affordable Racing

The series is designed to be cost-effective, allowing enthusiasts to participate in motorsport without breaking the bank. With flexible options for car preparation and no requirement for expensive control parts, racers can manage their budgets effectively.

Competitive Platform

The power-to-weight ratio structure ensures close and exciting racing across a variety of Porsche models. This unique approach allows drivers of different Porsche types to compete on a level playing field, enhancing the overall racing experience.

Environmentally Conscious

As the first UK club racing series to be 100% carbon balanced, CAP demonstrates a commitment to environmental responsibility. This feature allows participants to enjoy their passion for racing while minimizing their carbon footprint.

Get Involved in the CALM All Porsche Trophy Series

The CALM All Porsche Trophy Series offers an exciting opportunity for Porsche enthusiasts to participate in competitive motorsport while supporting a worthy cause. With its focus on affordability, competitive balance, and environmental responsibility, the series provides a unique racing experience.

Whether you're a seasoned racer or new to motorsport, the flexible format and variety of Porsche models eligible for participation make this series accessible to a wide range of enthusiasts. The combination of sprint races and endurance events across iconic circuits adds to the appeal and challenge of the series.
